

We want to keep our FM translator service (K-LOVE) in our local community. It provides excellent, quality, family-friendly and wholesome music and programs with no commercials. Our local community would be at a major loss if our station is taken away. It is truly inspirational, uplifting and constantly meets our and others needs on a daily basis. There are no other stations of the same quality in our area, we need K-LOVE to stay on the air. K-LOVE constantly receives calls from people whose lives have been bettered or changed due to K-LOVE. Please take our comments into consideration, Thank you.
